

TPEE/TPU FILM MANUFACTURER

TPEE/TPU FILM FOR
APPAREL AND SHOES

AVIENT SOLUTION

Cesa™ Anti-phenolic Yellowing Additives

WHY AVIENT?

- Contributed to final products, ensuring the film passed grade 4 of the yellowing standard (ISOx18 2007)
- Provided good transparency on 0.04-0.05mm film
- Offered long-lasting protection without the need for additional post-processing

LEARN MORE

KEY REQUIREMENTS

- Avoid phenolic yellowing effect after a certain time of storage
- Offer an anti-phenolic yellowing solution, which can be applied on light color or translucent film for fabric
- Maintain the soft touch of the original TPEE / TPU film
